

# Hello I am Fradipta Alqaiyum

Let me show my professional work as a Mobile Developer

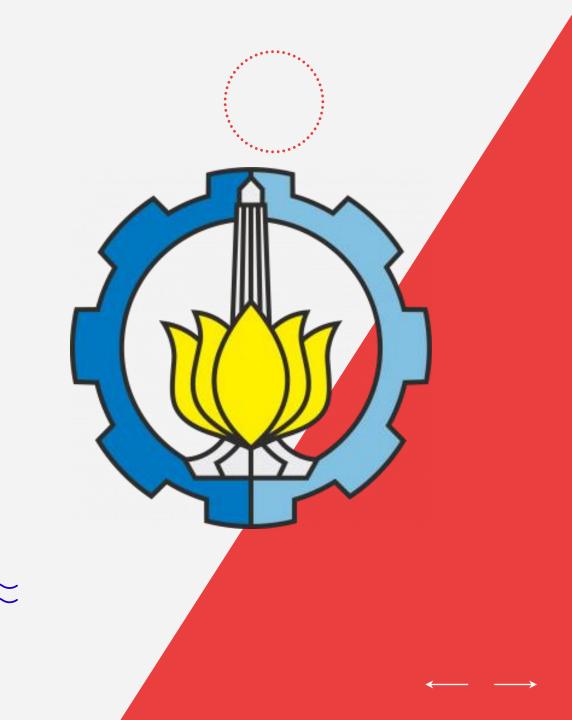

•••••

#### My educational Background

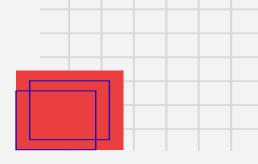

2014 Senior High School O4Bukittinggi

2017

Computer Engineering Sepuluh Nopember Institute of Technology

Technology I used as Mobile Developer

Flutter

As Hybrid Frameworks, I usually build android and iOs and web Application

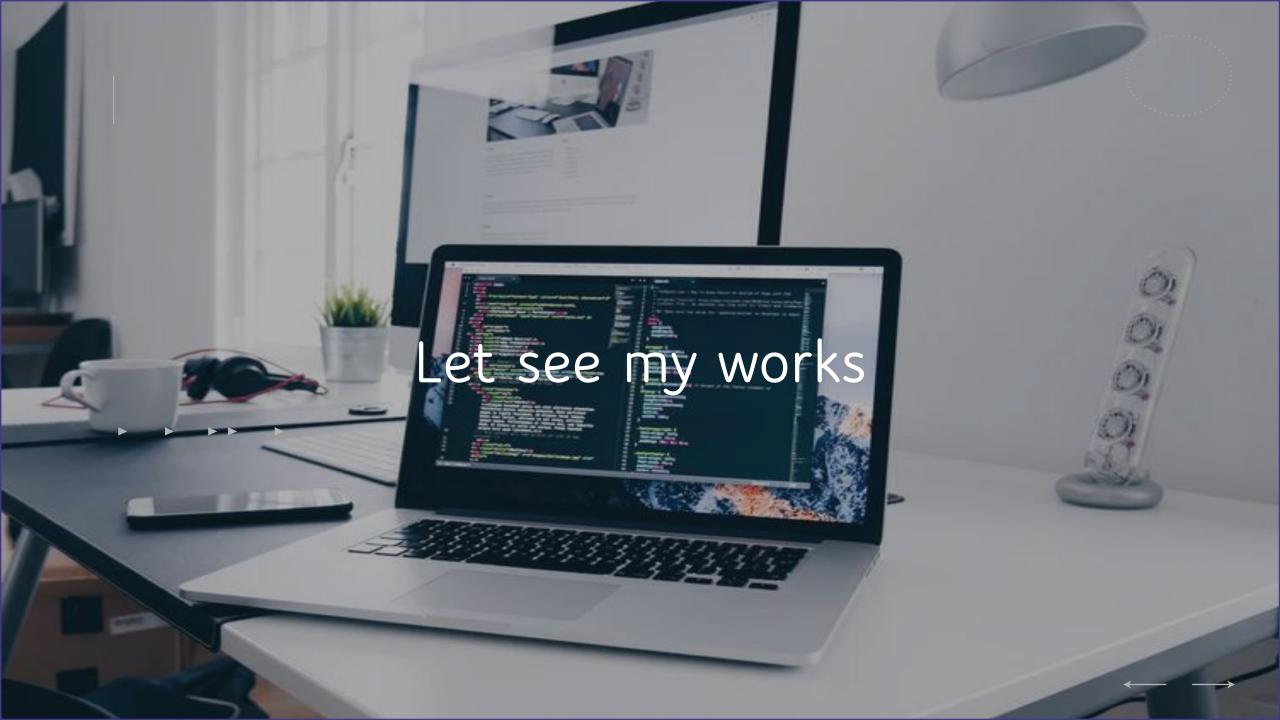

Kotlin

Moreover, I am learning kotlin as well. But unfluent like flutter is

Development support tools

### Cupangid Bettafish

You can check this apps on playstore : https://play.google.com/store/apps/details?id=com.cupang.ads

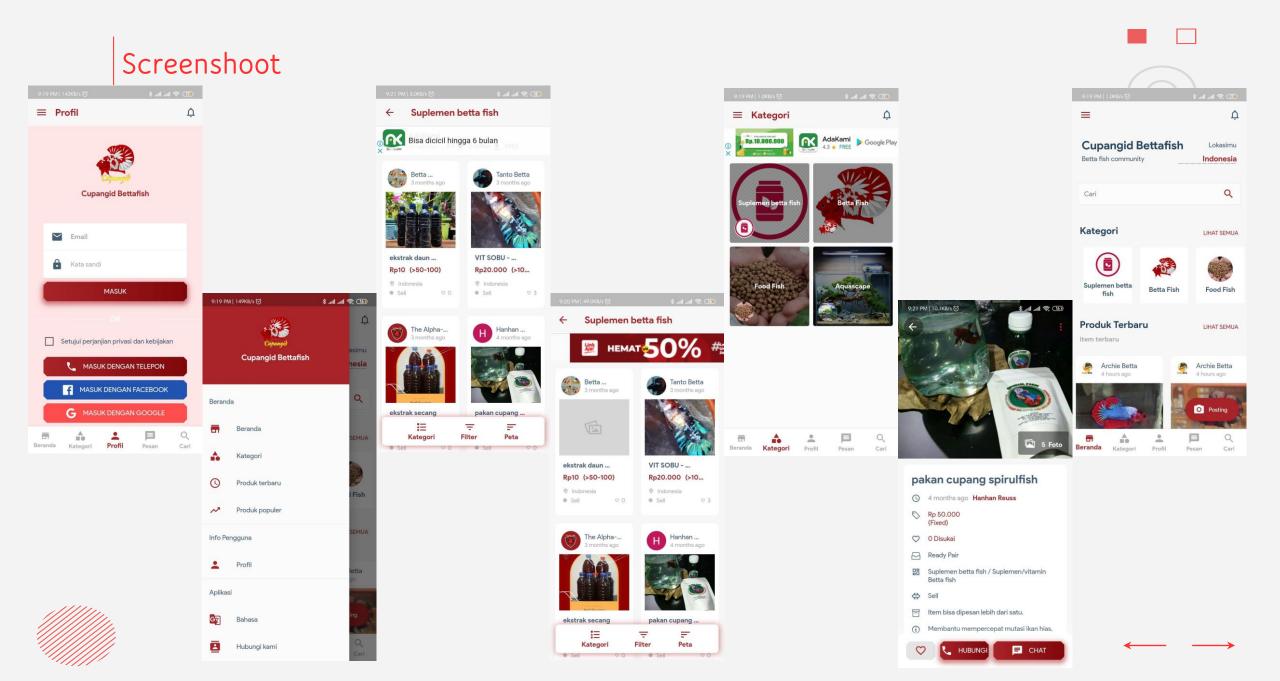

This Apps is belonging to Bettafish Communities in Central Java as a platform for buying and selling ornamental fish,

ornamental fish feed needs, supplements and aquarium media.

Type : individual

#### Aqumosys

Someday, I met clients from Projects.co.id to build android application.

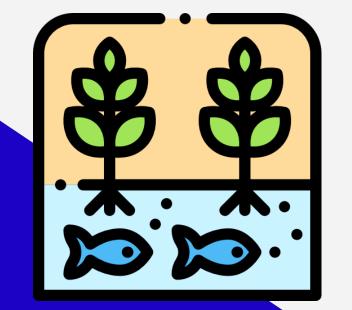

This application was used to read data from Hydroponics with IoT system. IoT systems and database has already done.

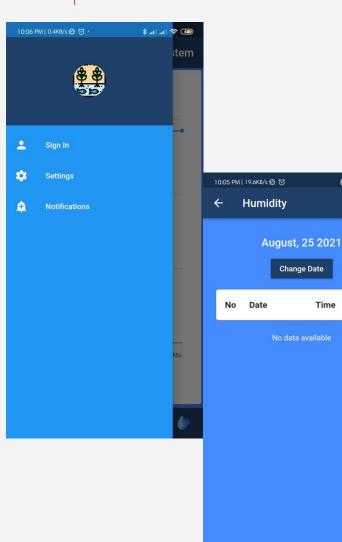

My part was just build application to read that data for monitoring media.

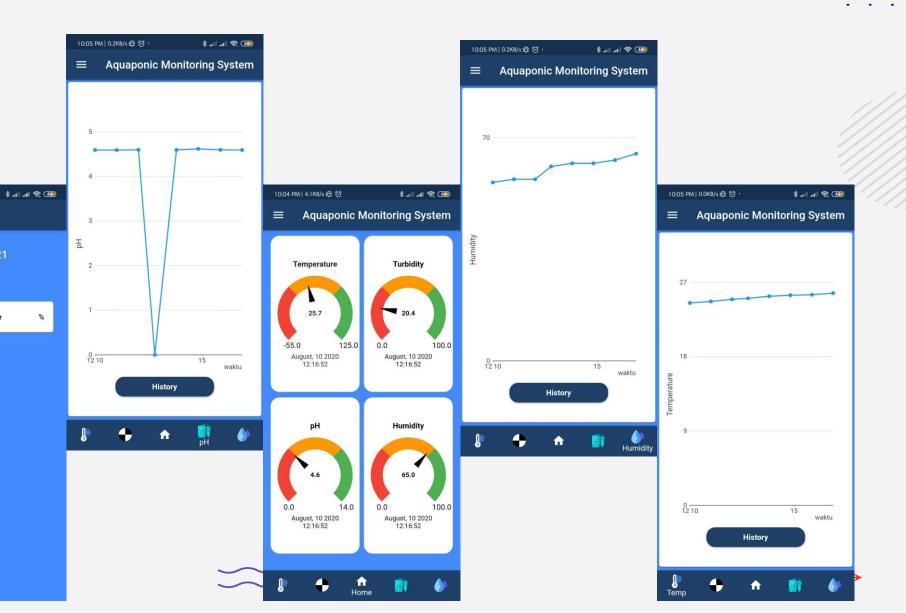

Jobdesk: Read data from database. Build history flowchart.

Type : Team (2 people)
